Information on scheduling your

Dental Appointment

Puyallup Tribal Health Authority

Exam and Cleaning Appointment

To schedule a dental exam and cleaning appointment, call the dental clinic any time Monday through Friday 8:00 AM to 5:00 PM. Our receptionists will assist you in setting up an appointment or will inform you when dental exam appointments will next be available.

You no longer need to call on Monday mornings for dental appointments.

If you require any dental treatment after your exam, we will call you to schedule your appointment. Please let us know if your phone number changes. Once you receive an appointment for treatment, you will receive additional appointments until your treatment is completed.

It is very important not to miss any appointments. Missing appointments can cause long delays in your dental care.

Urgent Care Appointment

If you need urgent dental care for a toothache, swelling, or other painful condition, please call and speak to the Urgent Care dental assistant. She will arrange a time for you, usually within 1 to 3 days. For severe pain or swelling she will get you in as soon as possible. We do not have a “walk-in” clinic. If you do walk in without arranging a time, it is possible that you may not be seen or that you will have to wait for a long time.

Urgent Care Follow-Up Appointment

If follow-up care is necessary for the urgent problem, you will be asked to call us the following day or at your convenience. The receptionist will assist you with setting up this appointment or will take down your information and call you when an appointment time is available.

Important information about dental appointments:

- Your dental care is important to us. In order for us to provide the best service for you, please come in 10 minutes prior to your appointment time.
- Please give us a 24-hour notice when possible if you need to cancel or reschedule your appointment.
- If you fail to show up for your appointment, it will be difficult for you to get back into our appointment system. Also, it is lost appointment time for others in our community.
- Children under the age of 18 must have a parent/guardian present at all times when treatment is being done.
